

I recently finished the Tracked Excavator and have included a couple of photos for you. I'd also like to let you know that I found the plans well laid out and easy to follow, so thanks for that! The way your site is set up is well done and makes purchasing and receiving the plans quick and simple (unlike T & J where hardcopy plans are mailed, only at exorbitant prices). I'll soon be looking for another project, so will be visiting again shortly.
